SECTION 01

Brand story

Why Growiee exists and what we promise every family.

Safe, soft, thoughtfully made, from the very first day.

WHO WE ARE

Growiee is a direct-to-consumer baby apparel brand from Sri Lanka for the first nine months of life. We make ultra-soft, breathable, non-toxic 100% combed cotton sets, sold as coordinated 3-piece packs and delivered islandwide.

MISSION

To engineer safe, non-toxic, ultra-soft apparel that adapts to an infant's rapid growth during their first 9 months, offering parents absolute peace of mind and accessible luxury.

AUDIENCE

Expecting and new parents, grandparents and gift-givers who want premium quality without boutique prices. They shop on their phones through Facebook, Instagram and WhatsApp, and value safety above all.

TAGLINE

Gentle First Steps. Comfort That Grows With Them.

Thoughtful Design

Envelope necks and scratch-free flat seams designed around a baby's daily movement.

Value & Convenience

Export-quality cotton in coordinated 3-piece packs, delivered to the doorstep.

SECTION 03

Logo

A single flowing line: a little elephant, wrapped in care.

One line, drawn without lifting the pen.

PRIMARY LOCKUP

THE IDEA

The mark is a baby elephant drawn as one continuous monoline: an ear that spirals like a curl of hair, a trunk that curls inward, and a round, protective body. Elephants in Sri Lanka stand for family, memory and gentle strength, exactly what parents want for their child.

PARTS

- **Mark:** the line-art elephant. Use alone on small or square spaces (profile pictures, tags, embroidery).
- **Wordmark:** “Growiee” in Pacifico, same flat colour as the mark. Capital G only.
- **Lockups:** horizontal (default) and stacked. Never re-draw or re-space them.

Lockups and marks for every space.

SECTION 04

Logo rules

Clear space, minimum sizes, colour versions and what never to do.

Give the elephant room to breathe.

CLEAR SPACE

CLEAR SPACE

Keep a clear zone of **x** on every side, where **x** is one quarter of the mark's height. For the lockups, measure x from the mark. Nothing (text, edges, other logos, busy image detail) enters this zone.

MINIMUM SIZES

ASSET	DIGITAL	PRINT
Mark only	24 px tall	10 mm tall
Horizontal lockup	120 px wide	35 mm wide
Stacked lockup	72 px tall	22 mm tall
Embroidery (mark)	—	15 mm, one thread

Below these sizes the ear spiral and trunk curl start to close up. For favicons and app icons, use the mark alone on a Royal Indigo tile.

Approved colour versions.

USE GROOWIE

- On playful social content, stickers, thank-you cards and packaging inserts.
- In his own colours (sunny yellow with green spikes), on Bright Sky, Indigo or Silk backgrounds.
- With plenty of space around him.

NEVER

- Use Groowie in place of the elephant logo or lock him up with the wordmark.
- Recolour, stretch or redraw him.
- Put him on labels, invoices or formal documents.

SECTION 08

Calm, natural and close to the fabric.

- **Do:** soft natural daylight, pastel garments on white fur, cotton and linen, real babies in calm, cosy moments, close-ups of seams, snaps and fabric.
- **Don’t:** harsh flash, cluttered rooms, heavy filters, neon colours, posed stock clichés, or text on top of a baby’s face.

SECTION 09

How Growiee speaks: like a calm, caring friend who knows cotton.

Gentle, reassuring, honest and quietly premium.

Soft words, short sentences, never shouting. No ALL-CAPS sales copy.
