Growiee

Everything the bag supplier needs to quote, print and proof the Growiee courier bag · October 2026

Six answers for the supplier.

BAG QUANTITY	**100 pcs** · the minimum order
BAG COLOUR	**Milk white**
BAG SIZE	**12 × (16 + 2″ flap) × 220G** 305 × 406 mm face, 51 mm flap, 220 gauge film
PRINTING COLOURS	**1 colour · Royal Indigo** #2D348D · CMYK 68 63 0 45 · match on a printed proof
PRINTING SIDE	**Single side · front only** The back stays plain for the courier waybill.
LOGO & DESIGN	**Growiee stacked logo, centred** Elephant mark over the wordmark, GROWIEE.COM small at the foot. Artwork file: page 06.

WHY 12 × 16 IN

Holds **two folded 3-Kit packs** with room to spare (three at a squeeze) and a single gift box. 10 × 14 in only takes one pack; 14 × 18 in is for three packs or two boxes.

WHY ONE COLOUR, ONE SIDE

The logo alone on milk white is the calmest, most premium look, and one screen on one side keeps the 100-piece run at the lowest cost.

Just the elephant, centred.

WHY WHITE, NOT INDIGO

Royal Indigo on purple would almost vanish. White on the purple film reads clearly (about 4.4 : 1) and is the guide's approved reversed logo on violet. The bag purple is warmer than Soft Violet #6C5CE7: fine for packaging, but it is not a new brand colour.

How many packs each bag holds.

SUPPLIER SIZES

SIZE (IN)	FACE (MM)	HOLDS	USE
7 × 10	178 × 254	Accessories, a single small item	—
8 × 12	203 × 305	Too narrow for a folded pack	—
10 × 14	254 × 356	1 folded pack	Single orders
12 × 16	**305 × 406**	**2 folded packs** (3 at a squeeze), 1 gift box	**Chosen**
14 × 18	356 × 457	3+ packs, 2 gift boxes	Big orders

All sizes have a 2 in flap on top of the length and 220 gauge film (about 56 µm). Face = the flat bag below the flap.

WILL IT FIT?

A flat bag wraps round the thickness of what goes in. Both must be true:

pack width + stack thickness ≤ bag width
pack length + stack thickness ≤ bag length

12 × 16 IN CHECK (305 × 406 MM)

CONTENTS	WIDTH	LENGTH	FITS
2 folded packs, 6 cm	26 ≤ 30.5	31 ≤ 40.6	✓
3 folded packs, 9 cm	29 ≤ 30.5	34 ≤ 40.6	✓
1 gift box, 7 cm	25 ≤ 30.5	32 ≤ 40.6	✓
2 gift boxes, 14 cm	32 > 30.5	—	✗

Estimates in cm, from a folded 3-Kit pack of about 20 × 25 × 3 cm and a gift box of about 25 × 18 × 7 cm. Measure the real pack and box before ordering.
